## BUSY FARMERS IN MORMON COLONIES

Planting Crops at Colonia Diaz—Many Wild Animals Killed.

Colonia Diaz, March 22.—The colonists are anticipating a pleasant time Easter, which will be celebrated Saturday instead of Sunday. Parents and children will meet at the school grounds and a program will be rendered, after which lunch will be served under the trees. After lunch there will be games and other amusements for the children.

Those that attended conference at Colonia Dublan have returned and report having had an enjoyable time. This spring has been an ideal one so far as wind is concerned. There has been but little. Everything is looking green and very beautiful. Fruit trees are all in bloom and it looks like there would be a big crop if it does not frost any more. The wheat is up and doing nicely and the outlook is for very good crops. Everybody is busy putting in potatoes and early gardens. On account of not much rain, the cattle generally are suffering for the want of grass and water. Many have died and there are prospects of many more dying if it does not rain soon. There are no diseases whatever among the cattle in this locality.

The health of the people in general is good, with the exception of some bad colds. Ernest Romney, who has been in Ciudad Juarez taking charge of the Union Mercantile, has returned home to stay.

Amos Richins, who was bitten by a coyote, is in good health so far. A big ball was given to the winning side of the scalp hunt. More than 2000 scalps of various wild animals, such as coyotes, skunks and rabbits, etc., were taken.

Farmers Are Short of Water at Colonia Dublan and Vicinity.

Colonia Dublan, Mex., March 22.—Nearly every incoming train brings Mexican laborers for the construction work on the railroad between Nueva Casas Grandes and Madera. For a week or so, every outgoing train carries some of the same Mexican laborers back to their homes. A gang came in last evening. Some of them claim that they have not been able to earn enough to pay their transportation on the train, so they are going to walk.

President and Mrs. Ray L. Pratt, of the City of Mexico, have another baby girl added to their growing family. It is their second girl which they have been in the city. Mrs. Dora Pratt is in the city with them.

Water for irrigating is getting scarce and the town people are agitating putting in a pump at the head of the irrigating ditch to see if they can thus keep alive their garden stuffs and their orchard trees.

There are quite a number of cases of colds and grip, but the patients soon recover. Only Mrs. Moffett, who was paralyzed, and Mrs. Nancy Duffee, who had pneumonia, linger in their illness.

**UPLIFTERS TO MEET.**  
New York, March 22.—There will be a meeting of the uplififers of the National league in this city on April 4, when the playing rules will be considered.

**OLDFIELD A WINNER.**  
Dayton, Fla., March 22.—Barney Oldfield captured the 20 mile free for all stock chassis in his Knox car here yesterday, running half a length ahead of the Pope Hartford car. The other races were interesting.

### SPORTING NEWS.

#### TIGERS STRONGER THAN EVER BEFORE

Hugh Jennings Says Boston and Chicago Are His Hardest Opponents.

Dallas, Tex., March 22.—"Boston and Chicago are the teams we have to beat to land the American league pennant again," declared Hugh Jennings, of the Detroit Tigers, last night.

The Tigers, he states, are 25 percent stronger than last year and more than a fighting chance of carrying off the honors is afforded. Jennings is pleased over the acquisition of a young catcher named Casey, who he says can catch "em when a base stealing feat is started by the opposing team. Stroud, Pernell and Browning are new pitchers who have made good. Practically all of last year's team, however, have been retained.

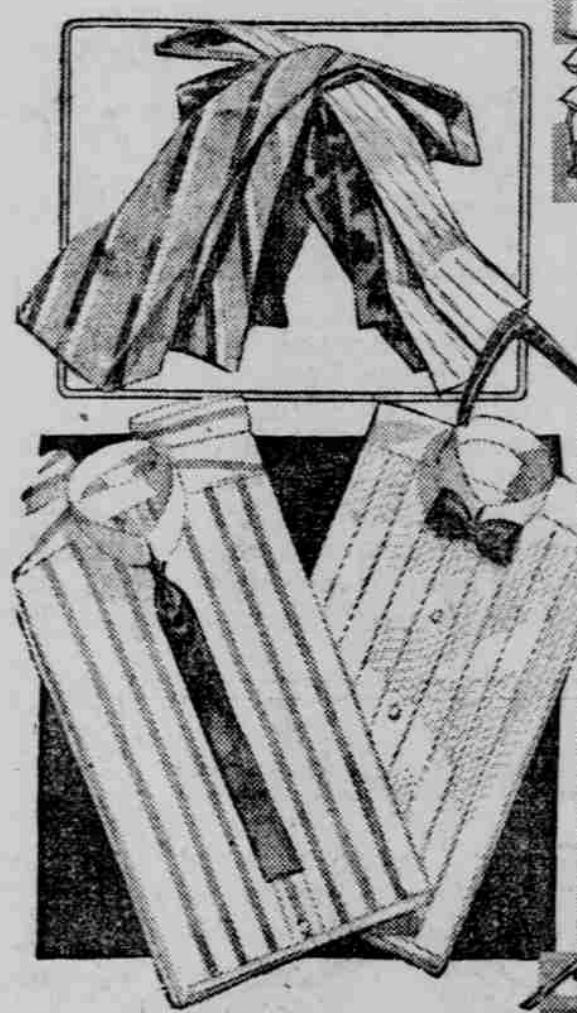

#### BASEBALL? WAS IT BASEBALL?

Military Institute Cadets and Recruits for El Paso Team Line Up.

As a teething ring upon which the Yankigans could cut their baseball teeth, the Military Institute baseball team offered itself as a sacrifice to the recruits for the El Paso club Tuesday afternoon at Washington park.

The game went the distance and the cadets brushed the dust from their uniforms and returned to town with the Yankigans who are reducing weight like a derby day jockey. Laffont, a curly haired chap from the institute, pitched for the "soldiers" and his speed and control was too much for the early season sports and they failed to connect with his benders regularly.

Little Charlie Wylie, as fat and funny as ever, pitched for the recruits and was assisted in the comedy part by "Duck" Gowan, of the sunbaked hair. The score? Oh, yes, there was a score. Harbuck says it was 19 to something, and the cadets say it was something to 2. It was a lovely day.

#### TY COBB MAY BE HARNESSSED UP AGAIN

San Antonio, Tex., March 22.—If Ty Cobb, the cub wonder, will consent to be harnesssed, baseball fans this season will see a freak of nature on the baseball diamond and perhaps see some sliding stunts that will put the famous aviation glides in the shade.

Last season Ty pilfered so many sacks that he was sore all over, even more so than the pitchers from whom he stole the bases, for while their soreness was mental, he was bruised about the legs and hips by his famous glides.

Harry Tuthill, who tells the Detroit Tigers what they shall and shall not do, has devised a harness calculated to relieve this soreness and in a season or two, the baseball players will be padded like the pigskin artists.

#### POLICE STOP WRESTLING MATCH IN KANSAS CITY

Kansas City, March 22.—Each being unable to throw his opponent after a tussle lasting two hours and 17 minutes, the police last night stopped the wrestling match between Dr. B. F. Roller, of Seattle, and Zybsko, the Pole. Both men were exhausted, but the Pole insisted on finishing the match. The police, however, refused to allow the affair to proceed and the \$7000 purse was equally divided. Both men used rough tactics, head and toe holds being often put into play.

In a preliminary match, Yusuff Mahmoud won in straight falls from Raul de Rouen.

#### McGraw CONSULTS WITH HEAD OF NEW YORK GIANTS

San Antonio, Tex., March 22.—Prior to taking the New York Giants back home after their spring training in Texas, John J. "Muggsy" McGraw, took a run to San Antonio from Houston to call on his boss, John T. Brush, who is here for the benefit of his health. McGraw made a hurried call and immediately after his conference with Brush at the St. Anthony hotel took the train back for Houston. McGraw did not state the purpose of his visit but it is believed that the question of salaries of some of the players and the retention of some of the recruits were matters discussed. McGraw expressed his regret at not having time to call on manager Hughie Jennings of the Tigers, his old teammate on the Baltimore Orioles, the four-time winners.

#### SPORT NOTES FROM THE BRITISH ISLES OVER THE OCEAN

London, March 22.—There will be a special tour of Englishmen bound for San Francisco to see the Jeffries-Johnson go this summer.

The English cricket team has gone on another invasion of South Africa and expects to return with laurels.

Bobby Dobbs, who used to be a lightning striker in the days when John L. Sullivan was in his prime, has demonstrated that the old man of the ring is still good for a round or two. He recently defeated Charley Hickman, 28 years his junior, in a 15 round bout.

John A. Sullivan and Jake Kilrain are touring England in a one act vaudeville sketch.
